PROJECTS

TODO   10 May, 2024 - 03 Jun, 2024
Team Size: 1

Key Skills: Python · Django · SQLite · HTML · CSS

Project Link: https://github.com/rameshwarchate32/Todo_django

Todo website built using Django and Python. It features easy sign-up and login for secure task management. You can prioritize tasks from 1 to 10 and track their status as pending or completed. Whether you're organizing on your own or collaborating with a team, it's designed to streamline your workflow.

Key Features:

User-Friendly: Quick registration and login to keep your tasks secure.
Efficient Task Management: Prioritize tasks (1-10) and track status (pending/completed).
Team-Friendly: Perfect for individuals and teams to boost productivity together.

Task Management System   05 Apr, 2024 - 30 Apr, 2024
Team Size: 1

Key Skills: Python   Flask   SQLite   HTML   CSS   Javascript   Bootstrap

Project Link: https://github.com/rameshwarchate32/Flask_Project_python

Developed a comprehensive task management system with user authentication. Here's a quick overview of the features:
⬜ User Authentication:
- User Registration: Easy and secure sign-up process.
- Login: Access your account with the registered email.
- Dashboard Access: View your email and profile picture on the dashboard.
⬜ Task Management:
- Add Task: Create new tasks with a name and date.
- View Tasks: Keep track of all your tasks.
- Delete Task: Remove tasks that are no longer needed.
- View Deleted Tasks by Date: Retrieve tasks deleted on a specific date.
- View Deleted Task History: Access the complete history of deleted tasks.
⬜ Additional Feature:
- Background Images: Added background images to enhance the visual appeal of all project pages.

BCA CGPA-SGPA CALCULATOR   04 Feb, 2024 - 28 Feb, 2024
Mentor: Rameshwar Chate | Harshal Daundkar | Bhagwat Siral | **Team Size:** 3

Key Skills: C++   OOPs   Object-Oriented Programming   Terminal   GIT   Github

Project Link: https://github.com/rameshwarchate32/CGPA-SGPA-Calculator

Developed a specialized calculator to simplify grade calculations, akin to BCA University's system. The tool accurately computes
Semester Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA).
Role: Lead Developer and Coding Expert
Key Contributions:
Designed and implemented the calculator using C++.
Led the project and collaborated with team members to ensure smooth operations and functionality.
Conducted thorough testing to ensure accuracy and reliability.
Team Members:
Rameshwar Chate: Co-lead and Coding Expert
Harshal Daundkar: Project Leader and Coding Expert
Bhagwat Siral: QA Specialist and Bug Finder
Skills Utilized: C++, Algorithm Design, Team Collaboration, Software Testing
